Hon. Shri. Mukulji Wasnik Saheb, General Secretary All India Congress Committee at our campus

Hon. Shri Nanabhai Patole, President of Maharashtra Pradesh Congress Committee (M.S.) at our campus

Hon. Yashomatitai Thakur Women & Child Development Minister of (M.S.) with Hon. Secretary Sir at our campus

Hon. Dr. Rahul Soman Head Global PV Alkem, Mumbai, Hon. Mr.Sandip Adsule Founder & Director Clinnex Research Pvt. Ltd. Ahamadabad at our campus

Hon. Shri. Vidyasagar Wayal, Vice President, Indoco Remedies Ltd. Goa. with Hon. Shri. Siddheshwarji Wanere Trustee PRMSS at our campus

Hon. Shri. Rajeshji Sinha, Hon. Shri Balasaheb Mukherkar Hon. Shri. Nagendra Pandey, Hon. Shri Ketan Ingale Pritam International Pvt. Ltd. part of Wonder group

Hon. Shri. Purushottam Kharat, Q.A. Manager & Hon. Shri. Manmath Balapurkar Production Manager, Leben Laboratories Pvt. Ltd. Akola at our campus.

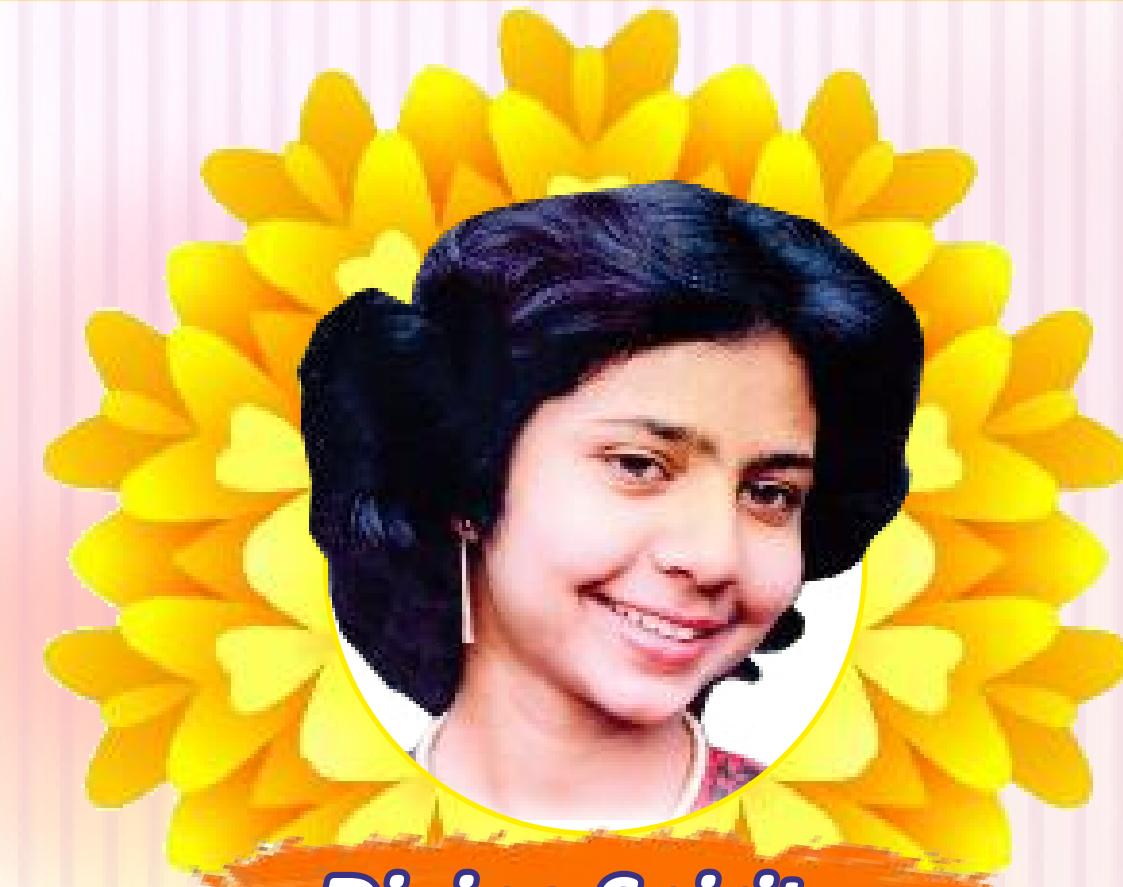

Hon. Dr. Swaroop Lahoti Vice President APTI (M.S.) at our campus

Hon. Dr. S.G. Gattani, Hon. Dr. S.C. Dhawle, Hon. Dr. Pekamwar, School of Pharmacy SRTMU, Nanded at our campus

Hon. Dr. Rakesh Soman President APTI (M.S.) at our campus

## Divine Spirit

### LATE ANURADHATI S. BONDRE

#### VISION

"To provide finest and growing environment for teaching, learning and research to students and staff"

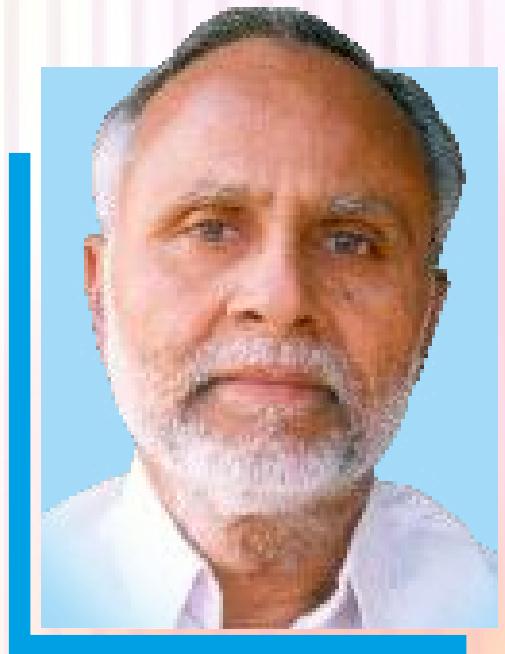

#### MISSION

To prepare dedicated skilled pharmacists in the field of pharmacy accomplishing intellectual, physical, ethical and spiritual development of an individual.

To prepare dedicated skilled pharmacists in the field of pharmacy in co-ordination with industry.  
To prepare dedicated skilled pharmacists in the field of pharmacy in co-ordination with community

### Program Educational Objectives (PEOs)

<b>PEO1</b>	To develop an aptitude amongst the students to understand the basic aspects of pharmacy.
<b>PEO2</b>	To enable the students to have a confidence to handle the laboratory equipment's, to understand the principles of such instruments and to be known about their applications.
<b>PEO3</b>	To enable the students to correlate the principles of pharmacy with their implementations in pharmaceutical industry.
<b>PEO4</b>	To generate sensibility amongst the graduating students towards their social responsibilities as a pharmacist.
<b>PEO5</b>	To accomplish holistic development of the students.

### FROM CHAIRMAN'S DESK

My dear students,

I am trying to reach you through this small booklet in which we have tried to present a brief profile of our "Anuradha Pariwar".

My objective to start education institute was to make higher education available to all who are desirous of getting it. I also visualized that social transformation can be brought about through the medium of dynamic education. Anuradha Institute thus is an institution of higher education with social commitment.

At our campus we are trying to give best and up-to-date education & training to our students through our colleges including Engineering College, Pharmacy College which are housed in beautiful buildings situated in our spacious campus. The bewitching & tranquil surroundings here are very conducive for learning. Our faculty's motivated and student oriented & we have excellent academic facilities

I hope you will be one of those fortunate students who would get an admission to one of our colleges à certain that your life at our campus will be academically fruitful & otherwise pleasant. My best wishes to you for a journey towards a successful professional career a graduation.

**Siddhavinayak K. Bondre**

Chairman, PRMSS

### FROM SECRETARY DESK

Dear young friends,

Pharmacy is a noble and sacred profession committed to the cause of health care of human beings. The profession has grown over the years and has attained the status of one of the front line health care courses at global level.

I am delighted that Anuradha College of Pharmacy one of the institute of PRMSS family, which was established in 1994 with a definite Vision and Mission is marching ahead in the right direction with a steady progress. The commitment and dedication shown towards institution building aspects by the institution are praiseworthy.

I am further delighted that in every year of inception, the efforts of the institute could be prominently reflected in the University results wherein a student of this institution could secure rank in the examination.

I am proud that our institute is the only institute under the territory of sant Gadge Baba Amaravati University, Amaravati that faced NBA Accreditation inspection

On behalf of Management of PRMSS we assure our best possible support for the growth and development of the students.

Sant Gadge Baba Amaravti University,

Amaravti.

## Anuradha College of Pharmacy

The institute is a dream of our founder Chairman Hon'ble Shri Siddhavinayak K. Bondre realized by the blessings of Sant Paramhansa Ramkrishna Maunibaba. The institute was established in the year 1994 with diploma in pharmacy course and then has grown & started degree in pharmacy course in 1995. At present institute runs D.Pharm, B.Pharm, M.Pharm & it is also S.G.B. Amravati University recognised Ph.D. Research Centre. The courses are started with a view of better opportunities to the students in innovative emerging branches. College is well equipped with laboratories, adequate number of teaching faculty & Supporting Staff. The institute recognised by Pharmacy Council Of India (PCI).

The college is affiliated to Sant Gadge Baba Amravati University, Amravati & has gained recognition as important institute in the University, Vidarbha & in India. Students from all corners of the country come here for studies.

**FOCUS:** Our focus is holistic, on character building through a well rounded range of activities including the curricular and extracurricular.

**COMMITMENT:** Our commitment is towards value based technical education supported with research in upcoming areas of pharmaceutical technologies

**OBJECTIVES:** To provide education which can cater to the needs of national, international & Industrial quality norms expected from the pharmacist

### COURSES OFFERED

COURSES OFFERED		
Diploma in Pharmacy(D.Pharm)	Two Year Diploma Course	60 Seats
Bachelor of Pharmacy(B.Pharm)	Four Year Degree Course	100 Seats
M.Pharm (Pharmaceutics)	Two Year P.G. Course	15 Seats
M.Pharm(Pharmacology)	Two Year P.G. Course	12 Seats
M.Pharm(Quality Assurance)	Two Year P.G. Course	15 Seats
M.Pharm ( Industrial Pharmacy)	Two Year P.G. Course	15 Seats

### CAMPUS

The Institute is located in the Anuradha Nagar, Chikhli, Dist. Buldana in Maharashtra state. The campus is located on a sprawling 50 acres land, 3 Km from Chikhli town on Sakegaon road. Over the period of 21 years the institute has developed a beautiful campus with residence facility for the student & Staff, Sport facilities, Garden, Canteen etc. Other sister concerns established by the Chairman of this institute in the neighboring premises are Mungsaji Maharaj Spinning Mills Ltd. and Anuradha Sugar Mills Pvt. Ltd., which are offering industrial exposure to the students during their academic programmes. indoor stadium has been established in the premises providing three badminton courts of International standards, Six Table Tennis tables and modern Gymnasium equipped with twenty machines.

## Diploma in Pharmacy (D. Pharm)

### ABOUT PROFESSION

In the context of the huge human resource requirements in the field, the department of Diploma in pharmacy started functioning in the academic session 1994 with intake capacity of 60 students.

This is an evergreen branch with immense opportunities for jobs & entrepreneurship. An integrated teaching programme covering both theoretical & practical aspects of pharmaceuticals science made effective by ways of class room lectures/training, demonstration, illustrations, lab assignments with audio visuals aids, project seminars, industrial tours and training and the input by leading professionals in the field and management, enabling the students to keep abreast of current industry trends.

- The Department is having fully equipped laboratories as per PCI norms, covering total range of sophisticated equipments, machines, computers & software.
- Faculty comprise of a highly qualified eminent and dedicated personal who have behind them acknowledged experience in teaching and in industry. In addition to academic interaction, faculty members of department are engaged in research and development activities by attending national, international seminars conferences & faculty development programme. Active participation of students in national and international conferences

### ELIGIBILITY FOR FIRST YEAR D. PHARM

The candidate should pass the higher secondary certificate examination (Std XII) of Maharashtra State Board of secondary & Higher Secondary Education or any other examination declared by the said board to equivalent with English, Physics, Chemistry & Biology/mathematics.

### EXAMINATION

The course is of 2 years after H.S.C. based on an yearly pattern. The examination is conducted at the end of each academic year by MSBTE Regular internal sessional examinations are conducted every year. The marks obtained in these sessional carry 20% weightage in board examination student has to secure at least 40% mark in each theory subject and 40% marks in each practical in order to pass the examination.

### INDUSTRIAL TRAINING

After successful completion of two years course a student is required to undergo practical training of 8 week in medical shop/hospital. After successful completion of course & training the candidate is award Diploma in Pharmacy by Directorate of Technical Education, Maharashtra State, Mumbai which is recognized qualification throughout country.

## Bachelor of Pharmacy (B. Pharm)

### ABOUT PROFESSION

Pharmacy is a noble career dealing with manufacturing, dispensing and selling of medicines, Patient Counseling is also becoming an important part of the profession, besides a career, it is a profession which gives the satisfaction of social service. Pharmacy offers jobs, business and entrepreneurial opportunities in the field of manufacturing, selling quality control, research & development of medicines, government jobs in food & drug administration & in hospitals. In the field of computers the software based careers such as medical transcription Bioinformatics and patient counseling are gaining more & more ground.

Usually students get lucrative jobs. Pharmacy is one of these rare professions in which jobs are always a certainty. The pharmacy graduates have overseas opportunities for jobs as well as higher education in USA, Europe, Australia, Middle East & many other countries. In the far changing scenario in the post GATT era, the global market has opened doors for pharmacy professionals. The demand is exceeding than the existing availability of professionals. The institute trains the students to meet the demand of industry and profession.

1. College advertisement for vacant seats will be published in leading news paper & displayed on college notice board.
2. Admission form for management quota admissions is enclosed herewith separately. Fees once paid for Management quota admission will not be refunded.

### ELIGIBILITY

#### First Year B. Pharma:

The candidate should have passed the H.S.C (StdXII) or equivalent examination with subjects English, Physics, Chemistry and Biology or Mathematics & should have secured minimum 50% marks i.e. 150 marks out of 300 marks (45% for backward class candidate of Maharashtra) in the physics, chemistry and biology or mathematics added together. **AND** Obtained ranking in MT-CET Examination for pharmacy degree course conducted by the competent authority of Govt. of Maharashtra for the current academic year. **OR** Diploma holders who have passed the diploma course in pharmacy with minimum of 50% marks from the recognized institutes.

#### Direct Second Year B. Pharm:

The candidate should pass diploma course in pharmacy with first class in one attempt from an institute approved by PCI.

### FEES

Fees will be imposed as per the directives given by Shikshan Shulka Samiti time to time and likely to be changed and will be as fixed by shikshan shulka samiti, Mumbai.

### EXAMINATION

The course is of four years, based on a semester pattern. The examination is conducted by Sant Gadge Baba Amravati University, Amravati at the end of each semester. The marks obtained in these sessional carry 25% weightage in university examination. The candidate has to obtain minimum 45% marks in each theory subject and 50% marks in each practical subject to pass the examination.

### Industrial Training:

During third or fourth year of degree pharmacy course a student is required to undergo industrial training of eight weeks in a recognized pharmaceutical industry for the award of degree. The candidate is awarded Degree in pharmacy by Sant Gadge Baba Amravati University, Amravati at the end of successful completion of eight semesters & eight weeks industrial training, it is internationally recognized qualification.

## Master of Pharmacy (M.Pharm)

### ABOUT PROFESSION

Master of Pharmacy is a post graduate course in the pharmacy field. Now a days in many countries it has substituted a bachelor of pharmacy as the requirement for registration to apply as a pharmacist. It may also refer to research degree in the pharmacy field. The course focuses on specialization in the field of pharmacy whereby a student can undertake individual research in the pharmaceutical sciences, clinical pharmacy or pharmacy practice disciplines. It should be of interest to those who need research skills in areas of pharmacy to advance their careers or for those who wish to proceed to a Ph.D.

### ELIGIBILITY

First Year M. Pharm: The candidate should pass the Bachelor in Pharmacy (B.Pharm) with minimum 50% marks for open category students (Candidate of Maharashtra state those are belonging to backward class should secured minimum 45% marks) with GPAT examination score or Non Zero score in associate MAH-MPH CET examination are eligible for the M.Pharm course.

**FEES:** Fees will be imposed as per the directives given by shikshan shulka Samiti time to time and likely to be change and will be b filed by Shikshan Shulka Samiti, Mumbai.

### EXAMINATION

The course is of two years, based on a semester pattern. The examination is conducted by Sant Gadge Baba Amravati University, Amravati. For third and fourth semester student have to submit the project work (Thesis) to the same university. Regular internal sessional examinations are conducted during first & second semester. The candidate has to obtain minimum 45% marks in each theory subject and 50% marks in each practical subject to pass the examination.

## LABORATORIES

### RESEARCH LABORATORY

The laboratory is designed to simulate the pilot plant. It is equipped with modern sophisticated instruments which provide facilities for formulation & evaluation of various dosage forms by latest instruments like HPLC with auto sample, FTIR, UV-Spectrophotometer & assemblies to carry out experiments on animals. Our laboratory provides a platform for smooth handling of experiments on animals like mice, rats, guinea pigs & rabbits.

### BIOPHARMACEUTICS & MICROBIOLOGY LABORATORY

The laboratory provides the facility for in-vitro & in vivo experiments and microbiological experiments. The laboratory is equipped with a modern aseptic facilities, sterile area, laminar airflow bench, quality control test instruments & equipment including automatic dissolution test unit, disintegration test unit, sonicator bath & other modern testing equipments.

### INDUSTRIAL PHARMACY LABORATORY

This laboratory is designed to simulate the pilot plant. It is equipped with modern equipments which provides facilities for manufacturing various medicines. The equipment such as automatic tablet compression machine, disintegrator, various milling machine, ampoule filling and sealing machine etc. are provided. The laboratory is also provided with essential services such as D.M. water, distilled water, vacuum exhaust etc.

### PHYSICAL PHARMACEUTICS LABORATORY

This laboratory provides the necessities required for studies involved in preformulation and formulation of dosage forms. The modern equipments includes Brookfield Viscometer, sonicator bath, Autoclaves, Ovens, Centrifuges, Distillation unit etc.

### PHARMACEUTICAL CHEMISTRY LABORATORY

This laboratory provides facilities for identification, purification and synthesis of pharmaceuticals. The laboratory is equipped with fuming chambers, balance room, preparation room, exhaust, vacuum, gas connections and various instruments such as dessicators, water baths, ovens, centrifuges, distillation unit etc.

### PHARMACEUTICAL ANALYSIS LABORATORY

This laboratory provides the facility for qualitative & quantitative analysis of pharmaceuticals and biochemicals. The laboratory is equipped with ultra modern instrument room having latest instruments like HPLC with auto sampler, FTIR, UV-Spectrophotometer, colorimeter, conductometer, potentiometer, clinical chemistry analyzer, polarimeter etc., balance room, preparation room, vacuum, gas connections and various instruments such as dessicators, water baths, ovens, centrifuges, distillation unit etc.

### PHARMACOLOGY LABORATORY

This laboratory is well equipped with the latest instruments & assemblies to conduct the experiments on animals such as frogs, mice, rats, guinea pigs and rabbits, the instruments available are research kymograph, ECG machines, student kymograph, spirometer, Actophotometer, histamine chamber, organ bath, analgesiometer, plethysmometer, pole climbing apparatus etc.

### PHARMACOGNOSY LABORATORY

The laboratory is well equipped to facilitate organoleptic & chemical study of various herbal drugs. The instruments such as electrical furnace, camera lucida, microscope, interaction unit, projection microscope, incubators are available. The laboratory is provided with herbarium & museum.

## RESEARCH & DEVELOPMENT

### RESEARCH ACTIVITIES

The significance of research for the development of any science can not be overemphasized. This is more about the pharmaceutical sciences. There is an increasing need to invent more & more new medicines to counter the new diseases. The college gives encouragement in all ways to the faculty and to the students in their research activities in different areas of pharmaceutical science. The college provides state of the art equipment and other facilities to the students and to the faculty with a view to encourage their research & developmental activities. The students and faculty members publish research papers in the journals of national and international repute. They also participate in national and international conferences and present their research papers. Our research interest are further evidenced by the fact that many of the M. Pharm & Ph.D dissertation (research) work has been carried out successfully in our research laboratories. Recently we have got [AICTE RPS](#) grant of 11 Lacks for laboratory modernization. College has established collaborative linkages with other pharmacy institute and pharmaceutical industries.

### CO-CURRICULAR ACTIVITIES

Institute undertake various co-curricular activities so as to supplement the theoretical knowledge acquired in academics with the practical knowledge. The activities includes various programmes celebrations to update this knowledge of the students.

### SEMINAR & WORKSHOP

Various seminars and workshops are conducted by the institute to help student to update with modern developments in their fields. The academic interactions with expert personalities encourage students to indulge in research & development activities.

### WALL MAGAZINE

Provides platform for the students to present their innovative creativity in the form of scientific articles, research articles etc.

### ANIMAL HOUSE FACILITY

Separate animal house facility, a unique feature of our pharmacy college. The animal house is neat, clean with proper ventilation & light. Different animals like albino mice, rats, guinea pigs & rabbits are available in the animal house for the preclinical testing of drugs. Different pharmacological evaluation techniques are developed using these animals. Our animal house is approved by CPCSEA, New Delhi & the institute has established institutional animal ethical committee. CPOSEA Committee for the purpose of control & supervision of experiments on animals. Animal study based research was carried out collaboration with other pharmacy institution and pharmaceutical industries.

## FACILITIES

### COMPUTER FACILITIES

The use of computer has become inevitable in all the walks of life and so in our college we emphasized the computer Training our students in various ways. In the era of information technology intent play an important role in disseminate information at the right time to the right user, therefore institute provides free internet access to all the students for education purpose.

### LIBRARY

The library is having rich collection of text & reference books. Journals of national & international repute are available for the readers to keep upraised in the area of their interest. It provides with separate spacious reading rooms for the students. The college has own book bank which is extended to help meritorious and economically weak students, our library operate on multiuser library management software. The highlights of the system are online public Access Catalogue (OPAC), Article index Selective Dissemination of information (SDI) and barcode based circulation system.

### PLACEMENT

The placement record of our college is exceptionally good. A large number of multinational companies as well as Indian pharmaceutical companies recruit our students as their employees. The cell also help student to undergo trial training in industry like Eli Lilly Ranbaxy, Parke Devi, Wockhardt, Novartis, Aventis, Cipla, Lupin, Natco etc. The training & Placement cell help students to prepare for various competitive examinations such as GRE, TOEFL, Gate, MPSC, UPSC etc.

### ANNUAL SOCIAL GATHERING

The college celebrate annual social gatherings "DARPAN" to bring out the hidden talents in the students. The gathering helps the students to express themselves in the ways other than the professional. The gathering acts as a breath of fresh air in their packed academic schedules.

### NATIONAL AWARENESS CAMPAIGN

The institute participates in the project of Ministry of Environment and Forests, Government of India, "National Environment Awareness Campaign" actively and has organized many programmes such as medicinal plant exhibition, water quality awareness and analysis, water harvesting techniques, visit to natural places and water reservoir. The institute has also developed resource material on various aspects of environmental education which is distributed free of cost. The resource material includes books such as Pani, Nisarga, Vanashree, Parthenium (grass) eradication, etc a book on environmental education through pictures is also available.

### EXTRA CURRICULAR ACTIVITIES

#### NATIONAL SERVICE SCHEME (NSS)

Under this scheme, college has adopted a village named "Khor" near Chikhli. The main objective of this scheme is to develop the adopted village as by offering various social services such as health and hygiene education, water conservation, etc. Community services are also provided to the villagers. Recently construction of a water percolation tank was successfully completed by the students. Blood donation camps are organized every year and a significant quantity of blood is given to the district hospital. NSS unit also maintains a list of blood groups of all the students and staff through which blood of any blood group is made available to every needy patient in no time. The institute feels proud to have saved a number of lives through this noble deed.

#### INDIAN SOCIETY FOR TECHNICAL EDUCATION STAFF & STUDENT CHAPTER

Indian Society for Technical Education (ISTE) is a national level apex body of technical professionals having more than two thousand technical education institutions, forty thousand technical teachers and more than 1,00,000 technical students as its members. It is dedicated to improve the quality of technical education. Over the past 35 years ISTE has been working in close collaboration with the All India Council for Technical Education, ministry of HRD, State Government, major Industries and foreign agencies in the planning and implementation of various programmes relating to technical education. The institute has full-fledged staff and students chapter established in the year 1997. The chapter organizes various activities like workshop, training programmes, entrepreneurship awareness camp, personality development, career guidance, guest lectures and national level technical paper presentation insight for the students.

## OTHER FACILITIES

### HOSTELS

Separate hostel facilities exist for boys and girls. Both the boys and girls hostels are designed to accommodate 300 students each. The hostels are situated on hillocks which offer exclusive and pleasing view of the distant landscape. The well furnished rooms are spacious, airy and well lighted. The large common room provide a platform for the interaction amongst the students. The hostels has subscription of leading newspapers. Clean and hygienic dining room provides nutritious food to the students. The wardens and rector ensure strict maintenance of discipline in the hostels.

### ANTI RAGGING COMMITTEE

Ragging in the college campus is strictly banned and hence any student found indulging in an act of ragging shall meet strict disciplinary action, which may include immediate rustication from the institute apart from criminal consequences. To curb menace of ragging in the college campus the institute has constituted an anti-ragging committee under the chairmanship of principal.

### SPORTS & HEALTH CLUB

"The Maharana Pratap Indoor Stadium a state of art indoor stadium built as per the national norms exists in the campus. This stadium has been built with the support of Ministry of Sports, Govt. of India. The stadium houses indoor sports facilities such as three international standard badminton courts, six Table Tennis tables, 20 Health Club Machine & Carrom. The indoor stadium also has a well equipped gymnasium with all latest machines.

"A healthy body harbors a healthy mind" The institutes believe in this dictum and hence have provided ultramodern and national standard sports complex in the campus. The badminton courts provided are of international standards. The sports shot activities are conducted with great enthusiasm. A lot of university matches are organized in our sport complex. An ultramodern gymnasium is built in the sports complex to ensure physical fitness of the students.

### INSTITUTE CANTEEN

The campus has its own canteen where nutritious and hygienic refreshments are served at modest prices.

### COLLEGE MAGAZINE

The college is publishing annual magazine named **ANUDARPAN**. The Magazine lays special emphasis on technical and professional articles and paper on the hidden literary talents of students.

### AMPHITHEATER

The college has recently built an Amphitheater which is having a capacity of 750 students with special eco restricting sound facility. It contains a stage of around 30 feet x 20 feet and all other facilities for better conduction of any department level programmes.

### TRANSPORTATION

The Institute has three buses & each is having a capacity of 40 students. These buses make several trips at fixed times between the campus & main points of the city to provide facility for students living in the city in the nearby area.

## EVENT & LANDMARK'S

Ku.Ankita Mahadik Received Gold Medal at hand of Hon.Dr.Murlidhar Chandekar Vice Chancellor SGBAU Amravati

Convocation Ceremony of Advance Certificate Course in Clinical Research and Pharmacovigilance at our campus

Outstanding GPAT-2021 Result Celebrated as Jallosh at our campus

Campus Placement Student's Felicitation Programme in presence of Hon. Shri.Rahulbhai Bondre, Secretary PRMSS & Hon.Shri Siddheshwarji Wanere Trustee PRMSS at our campus

Pritam International Pvt. Ltd. a part of Wonder Group Campus Placement Drive organized by Training & Placement Cell at our campus

Personality Development program by Mr.Tushar Dodia held at our campus

Our Student's & Staff in NSS Residential Camp held at Sakegaon

Industrial visit at one Asia Network India Pvt. Ltd. Khamgaon

Ayush kadha distribution at hands of Hon. Shri.Rahulbhai Bondre Secretary PRMSS at Chikhli

### OUR SISTER CONCERN

#### 1. ANURADHA ENGINEERING COLLEGE

Under graduate courses in engineering leading to of BE & ME Degree are offered by the Institute in the following discipline -

- Computer science of Engineering
- Chemical Engineering
- ME (Chemical Engineering)
- Mechanical Engineering
- Textile Engineering
- ME (CAD-CAM)
- Information Technology
- Electronics & Tele. Engineering

Ph. (07264) 242063, 242580
